Accommodation with a Family

Many international students at Comillas stay in Spanish family homes that lodge students. We have many years of experience working with these families and the students have always appreciated and valued them.

Students who live with a family in Madrid have the advantage of:

- + living in a family home,
- + a privileged environment in which to learn Spanish,
- + a place to experience the true Spanish culture first hand.

The family can also provide the students with:

- + meals according to student's requirements,
- + cleaning of their room,
- + laundry.

All utilities are included in the price of the accommodation (water, electricity, heating, wifi,...)

The cost of **full board** (breakfast, lunch and dinner) is **950 €**
And **half board** (breakfast and dinner) is **800 €**.

- ✓ If you would like to lodge with Spanish family you should advise us by e-mail aloja@upcomillas.es
- ✓ We will send you an [application form](#) giving us your needs and requirements.
- ✓ We will find you a family that matches your requirements.
- ✓ We will advise you the details of the family selected and
- ✓ If you agree you will send your confirmation.

If you choose this option you must realize that this is a firm commitment on your behalf and you must not leave the family unless there are extenuating circumstances.

"Are you planning to study in Madrid? Stay in a Mapamundi family with people of your age and live your experience to the fullest".

Accommodation in Halls of Residence

Our University does not have its own accommodation for students. Some Halls of Residence allow exchange students. Below you will find information about these Residences and you can make a reservation if there are spaces available. The Residence that you choose will inform you how to proceed with your reservation.

Important Note

It is customary for Residences to request a deposit equivalent to a month's rent. It is possible that they will require payment for the length of your stay.

For this reason we suggest that you check on the web, by e-mail or by phone, for the payment conditions, the precise location and any other questions you may have, e.g. single or double room, with your own bathroom, internet access and meals during weekends, washing and ironing,...

Renting Apartments and Rooms

If you prefer to rent an apartment in Madrid or a room in a shared flat with other students we recommend that you wait until you are in Madrid before renting your accommodation. You may find that the apartment is not what you expected, because sometimes the images do not match the reality of the accommodation.

It is better that you arrive in Madrid, stay for a few days in a [hostel](#) –the list is below- while starting your search. You can use our list (Bolsa de Alojamiento) or other resources, visit the accommodation and sign a contract for the accommodation that suits your requirements and with an acceptable price.

Bolsa de Alojamiento

List of apartments and rooms available

- The Information and Student Reception Office publishes every day a list called “Bolsa de Alojamiento” (List of apartments and rooms available) in which appears all the apartments and rooms with their facilities, location, price,... and contact details.
- In the Bolsa de Alojamiento you will find information about the contacts, if they speak English and the minimum rental time required by the owners.
- We do not know personally these apartments and for this reasons it is important that you visit them yourself to evaluate if they meet with your requirements and expectations.
- The **purpose** of the Bolsa de Alojamiento is **exclusively informative**. We try to help you in your search for accommodation so that you can contact the owners, but the University is not responsible for the authenticity of the details supplied by the owners or the conditions of the rental contract.
- We recommend you compare prices and quality by visiting at least five apartments.
- It should take you between two and four days to find a suitable accommodation.

You can access the Bolsa de Alojamiento on web page www.upcomillas.es/alojamiento with the ACCESS CODE which we have given to you.

If you do not have the ACCESS CODE you can send an email to aloja@upcomillas.es identifying yourself as a Comillas student.

Once we check that you are a Comillas student, you will be sent an ACCESS CODE.

Financial conditions of rental

- In the city center the rental cost of a standard apartment of two rooms ranges between 800 and 1000 € per month. Small apartment between 650 and 850 € per month.
- A standard room in a shared flat costs around 400-500 €
- The contract is signed at the moment the student occupies the apartment and pays a month's rent as a deposit or guarantee which will be refunded at the end of the contract on condition the apartment is in perfect order. If you decide to change apartments, you will lose the deposit or guarantee.
- The rental is to be paid monthly at the beginning of the month. The first payment is made on signing the contract and when you occupy the apartment. The following months at the beginning of the month.
- The utilities (electricity, gas, heating and water) are paid for monthly or two monthly according to consumption. The owner will show you copies of the invoices and you will pay for the amount consumed by the occupants of the apartment. The average amount is about 70-100 € per month per person.
- Sometimes the monthly rental payment includes the utilities cost and for this reason the charge may be higher. If there are extra costs this should be shown in the contract.
- It is very important that each time a payment is made you ask for a receipt from the owner which shows the amount and description of the payment made.
- In some cases, rarely, the cleaning of the apartment is included in the monthly payment which increases this accordingly.
- In the rental agreement the identity of the signatories should be shown together with the details of the apartment being rented, the rental period and the amount of the guarantee and the monthly payments as well as any extra clauses that have been agreed between the two parties (owner and student)
- It is very important that students check the state of the apartment before signing the contract.

Madrid

Safety

Madrid is a safe city, however you should be careful when moving around in the city. Most parts of the city are safe but in some areas you have to take more care especially in areas of high concentration of the public (Rastro Market, Stations, Airports,...) and tourist areas (Sol and the Town Center). It is recommended that you avoid parks and open areas at night (Casa de Campo).

Weather

Winter in Madrid is not very cold: the minimum temperature drops to 2° C and the maximum is around 15 ° C. Spring and Fall are quite mild with temperatures between 7° and 20° C. Summer is hot between 30-40° C max. Madrid has a lot of sunny days during the year.

Madrid Lifestyle

The usually opening times of businesses are from 9:00 am to 8:00 pm; many shopping malls open on Sundays and close at 10:00 pm during the week and there are stores that open 24/7. The Banks are open from 8:30 am to 2:30 pm. Offices have similar working hours although they also open in the afternoon until 5:00 or 6:00 pm. The Metro operates from 6:00 am to 1:30 am and the Buses from 6:00 to 11:30 pm; and from 11:30 pm there is a night bus network with more than 25 routes until 6:00 am. Taxis are expensive and their charges are shown on a meter according to the journey and time of the trip (there are supplements for trips to and from the airport and stations, night journeys and holidays). Many young people go out at night at the weekend to popular areas of Madrid such as Malasaña, close to the University. In Madrid there is an amazing cultural environment (Museums, Movie Theaters, and Theaters,...). As well as many other events (sports, academic, business,...). Madrid is an open and welcoming city to all those who visit from abroad and a very young city, of the 3 million inhabitants there are more than 150000 university students.

University Life

Classes are normally given in the morning between 08:00 am and 02:30 pm although sometimes there are classes in the afternoon. The university buildings remain open from 08:00 am to 10:00 pm. The Library opens from 08:00 am to 9:45 pm from Monday to Friday and in some cases extended times during exam periods. The Gymnasium opens from 11:00 am to 6:00 pm. Student services, such as Registry, are open from 9:00 am to 1:30 pm and in the afternoon from 3:00 pm to 5:00 pm (except Friday afternoon). On Wednesdays between 12:30 and 2:30 pm there are no classes as this time is dedicated to cultural activities; at this time you can attend conferences, debates, guitar classes, chorus, theatre,... Many students collaborate with solidarity activities organized by the university. The Company of Jesus which manages our university organizes several activities –pastoral and religious- prayers, meetings and personal development. Participating in any of these activities is a privileged opportunity to immerse yourself in the local culture and meeting with other young Spaniards of your age and interests.
