## **10 Things Future Students Should Know about ACU**

---

1. The grading system here is very different from Marquette.
2. Don't be surprised if you do not receive high distinctions- teachers rarely give them despite the high percentage range.
3. The students will often be much more lax about school.
4. The students live with their parents.
5. Most students have jobs while attending school.
6. When working on group projects Australians tend to do their work pretty last minute.
7. The Australian sense of humor is very blunt.
8. ACU provides a lot of resources so seek them out if in need.
9. Teachers are more than willing to help you out if you feel lost or confused in a class.
10. Try your best to put yourself out there in order to make friends in your classes. It will help make the most of your experience abroad.
