1. WELCOME TO UNIVERSIDAD LOYOLA ANDALUCIA

The Universidad Loyola Andaluca, created by the Society of Jesus, is the first private Andalusian University, whose mission, faithful to the best Jesuit university tradition, is to train men and women for others, the best people “for” the world.

The same as ESADE (1958, Barcelona) and ICADE (1961, Madrid), the Universidad Loyola Andaluca, promoted by ETEA (1963, Córdoba), the former Faculty of Economic and Business Sciences of the Universidad de Cordoba, followed DEUSTO’s University steps (1916, Bilbao) in order to expand Business and Administration Sciences studies all over Spain.

Today the Universidad Loyola Andaluca offers a wide range of courses through our Bachelor’s Degrees, not only in business and economics : Business Administration, Law, Communication, Psychology and International Relations, Criminology.

Our Business School, **Loyola Leadership School**, offers a wide selection of master’s degrees, executive education programs and in house programs focused on a better education, both personal and professional, for people and companies.

All this in a multilingual and multicultural environment, supported by **Loyola School of Languages, Culture and Communication - Loyola SOL** is more than just a School of Languages; it’s also a meeting point of cultures- and also by **ETEA Foundation for Development and Cooperation**– institution for research, education and action to serve those most in need, with over 25 years of work in Asia, America and Africa.

You can have a look at our summer programs videos to have a hint of our activities and life in the campus. <http://vimeo.com/100634672>

4. ABOUT UNIVERSIDAD LOYOLA ANDALUCÍA'S TEACHING STAFF AND PEDAGOGICAL METHOD

The prestige of Universidad Loyola Andalucía is supported by the reputation of excellence of its former institution ETEA (born in 1963), acquired over its 50 years of existence. We have a teaching staff of proven excellence.

With an extensive teaching and research experience of our professors, who have a deep knowledge of the economic and business world, students receive the knowledge, values and skills that the current labour market requires.

Universidad Loyola Andalucía has a strong vocation for research. It has more than 15 innovative interdisciplinary strands, thus becoming a **research university**.

The Universidad Loyola Andalucía's academic teaching method is based on training for leadership. It combines the intellectual training with mastery of technical knowledge, with the development of social relationship skills.

The educative project rests in several performance lines: regular courses, languages, Debate Club, Theater, sport activities, complementary training courses, seminars, internships, academic guidance and academic exchanges... in reduced groups of 60 students.

5. ACADEMIC OFFER

Our students usually have between 20 and 25 hours of In-class lectures sessions per week. Most of them are lectures in the classroom, sometimes also tutorials, assignments, case studies, practical sessions, etc., depending on the subject and the corresponding lecturer.

- Students coming from EU institutions who will need a letter of acceptance from Universidad Loyola Andalucía, must require it specifically. Otherwise we do not send expressly letters of acceptance to EU students.

Before the student's arrival, they will receive an e-mail from their tutor-buddy, a student from Universidad Loyola Andalucía who will be in charge of their integration in Cordoba. Their tutor will be in contact with them prior to their arrival in Spain and will pick them up at the station.

As soon as students know their arrival date in Córdoba, they **MUST** communicate it to their tutor indicating approximate time of arrival. If they do not know their exact arrival date in advance (at least 15 days in advance), it will not be possible for tutors to pick up international students at the train or bus station.

7.1. REGISTRATION FOR COURSES

Once the students arrive, they will have a period of approximately 2 weeks when they can register for their courses at Secretaría. The registration process has a cost of 30€ for administrative fees and it includes the student card.

When they are officially registered, students will receive their username and password to access WIFI, online services, library and other facilities.

8. PRACTICAL INFORMATION

CORDOBA

Córdoba is a nice and welcoming town. It has some 350.00 inhabitants and displacement within the town is easy, since distances are short. It is a Mediterranean town, with many hours of sun, where people enjoy being outdoors. Nightlife is also fun and students enjoy it.

It is worth learning about the history of Córdoba, World Heritage, (www.cordobaturismo.es, www.turismodecordoba.org) our traditions and festivals especially during May (“patios”, the Feria... which are open to the public.).

8.1. ACCOMMODATION

The Universidad Loyola Andalucía has collaboration agreements with two agencies in town, in order to guarantee quality flats for our international students, granting a good service all through their stay. These are centrally located flats, modernly furnished, full equipped with air conditioning and WIFI and phone service.

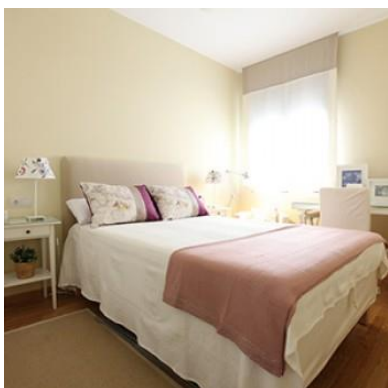

SOLRENT (www.solrent.es) offers a wide array of flats for students who come either for a semester or for a year. These flats are well located and in very good condition.

Contact person: Patricia Molleda,

housing@solrent.es, tlf. +34 664 837 837

SOLRENT'S renting calendar is adapted to the University academic calendar:

* Students staying in the **first semester** will have the flat available from the end of August to mid January. In this way, students will have to pay the renting fee for that same period of time.

* Students staying in the **second semester** will have apartments available from mid January to the beginning July. The rent will correspond with this time period.

* **Annual students** will have to complete the whole period, from the end of August to the beginning July.

SOLRENT is a private agency and they charge a fare for their services

APARTAMENTOS TERRALUNA

Charming apartments right in the historical part of the city. Contact person: Ángela, inma@terraluna.es, tlf +34 617 363 235.

If you do not have an accommodation before your arrival, we recommend you to book a room for a few days in the **Youth Hostel** (www.inturjovent.es) – it's unexpensive and well equipped- or in the **Córdoba Bed&Be Hostel** (www.bedandbe.com)- located in the city centre and very welcoming. Contact person: José Fabra, tlf +34 661 420 733.

8.2. VISA INFORMATION

Visas are not required for EU-citizens.

A student visa is mandatory for any Non-European student wishing to study in Spain for one semester or two semesters. The visa is processed in your country of residence prior to your departure.

All student visas are valid for a period of 90 days from your entry day into Spain. If the student is going to stay for the whole academic year, he or she must contact the local authorities to acquire a student residency card valid until the end of the academic year.

To do so, the student needs to apply for the Tarjeta de Identidad de Extranjero (TIE) at the Central Police Station if they are going to stay for more than 6 months. The following documentation is needed:

- **3 passport sized photos**
- **TIE form duly filled**
(Uhttp://extranjeros.empleo.gob.es/es/ModelosSolicitudes/Mod_solicitudes2/17-Formulario_TIE.pdf)
- **Receipt of the fee payment for the issuing of the card: 10.30 €.**

All this information about legal procedures and more is available at Universidad.es Website:

8.3. HOW TO GET TO CORDOBA

From Madrid

If you fly to Madrid Barajas International Airport (<http://www.aena.es/>), then you have to go to the city centre to continue your trip to Córdoba. Madrid Barajas Airport is served by taxi (about 30 min. ride and aprox. 30 € fare), metro (www.metromadrid.es) and bus (every 10-15 min.).

Once in Madrid, you can travel to Córdoba by train or coach:

Madrid-Córdoba by train, from Atocha Train Station (Information on timetables and fares are available at www.renfe.es where you can also get your ticket in advance). Madrid-Córdoba by coach: The station is located in Méndez Álvaro (metro line 6, www.socibus.es).

From Malaga

From Malaga Airport, you can get a bus (they ride every 30 min.), a train or a taxi to get to town where you can continue your trip to Córdoba by coach (www.estabus.emtsam.es) or train (www.renfe.es).

From Seville

Daily buses run every 30 minutes from Seville Airport to the city centre (<http://www.aena.es/>). One stop along the way is Santa Justa Train Station, where you can get the train to Córdoba (www.renfe.es). A taxi from the airport to the center will cost you around 30 €.

8.4. HOW TO GET TO THE CAMPUS

Distances from the areas where students usually live are not far from Universidad Loyola Andalucía.

Information on bus lines is available on Aucorsa's website (Autobuses Urbanos de Córdoba, <http://www.aucorsa.net/>, lines 2 and 5 go to the campus <http://www.aucorsa.es/lineas-urbanas>).

Information on real-time stops can also be obtained at <http://www.aucorsa.es/tiempo-de-paso-por-parada>.

There is a rechargeable card that will allow you to use buses during all your stay, without having to pay with cash.

8.5. LIVING EXPENSES

Generally Southern Spain is cheaper than the rest of Spain.

Living in Córdoba is not very expensive, although expenses vary according to personal requirements and standards; 600€/month is the average expense for a student in our city (housing included).

Eating out in Spain is often cheap and meals are substantial. One of the best ways to sample Spanish food is to try "tapas". "Tapas" are very typical, but are not a normal daily lunch or dinner. Breakfast and lunch are served at our cafeteria at a good price. (coffee + toast breakfast is 1,60 €; one course menu is 4 €; 2 course menu 6 €, etc).

Transport is very affordable too. A single ticket is 1.20, however with a bus card the journey is 0.71€.

Taking a taxi is another possibility we highly recommend for late night, it's not expensive (around 5 €) and distances are short.

8.6 HEALTH IN CORDOBA

The Spanish Social Security system covers medical assistance for all EU citizens with an European Health Card.

- **Students from EU countries** must apply for the European Health Card in their country to benefit from the social security before travelling to Spain or the E-111/128 forms. The health card and these forms will entitle them to medical care within the Spanish Medical Security System. http://www.seg-social.es/Internet_6/Trabajadores/PrestacionesPension10935/Asistenciasanitaria/DesplazamientosporE11566/TSE2/index.htm .

- However, Spain has agreements with **some non-EU countries**. The list of countries with a bilateral agreement can be found on <http://www.seg-social.es/>, under “Internacional”.

* If you want to see a doctor within the **Spanish Public Medical Security System** (all European students and some non European under state agreements) you must go to the nearest medical center (Most students live in Ciudad Jardín, close to the campus, whose health centre is located in Avda. del Aeropuerto Tels. +34 957 35 31 40) and register.

To register in your nearest medical centre, you will need: a photocopy of your ID and a photocopy of your insurance card. They will assign you a doctor who will be your doctor during your stay in Cordoba.

For emergencies, students should go to the “Reina Sofía” Hospital, just a 10-minute walk from Universidad Loyola Andalucía.

* If you have a **private insurance**, the nearest private medical center is Hospital Cruz Roja, just a 15-minute walk from Universidad Loyola Andalucía. You will need to show your ID and your insurance card.

The international students who are not covered by the Public Social Security System must bring a private insurance medical policy.

Medical assistance: If you need any medical assistance, do not hesitate to contact us at any time. We will tell you what to do and will go to the doctor with you if necessary.

Universidad Loyola Andalucía offers a voluntary school insurance, which approximately amounts to 13€ per year which covers students in case of accidents in campus. It will be arranged at Universidad Loyola Andalucía, upon registration.

9. LOYOLA 360º BUDDY PROGRAM

The members of the students group **Loyola 360º** help international students in their settling into their apartments and other accommodation options. Each international student is assigned to a group of students from the Universidad Loyola Andalucía who will assist them during their stay in Córdoba. They will be willing to help you to find accommodation, to choose your subjects and to get used to the city.

9.1. 1st WEEK ACTIVITIES

During the first week of your stay in Cordoba students will enjoy several activities organized by the International Relations Team, with no cost for the students:

- Spanish Language & Culture Intensive Course. Course at 3 different spanish levels where you will be able to learn about our culture and our langue. It is mandatory for international students.
