BE THE DIFFERENCE.

GO FORTH AND SET THE WORLD ON FIRE.

— St. Ignatius Loyola

“My study abroad experience did so much more than improve my language skills and help me complete my degree.

It provided me with a second family and home and the adventure of a lifetime.”

— ANYA TOLEDO
Klingler College of Arts and Sciences

“Studying abroad gives students the opportunity not only to be students of the classroom but to be students of the world.

As we live, study and grow in a another country, we learn lessons that we bring back to our Marquette experience.”

— LAURA MCNABB
College of Nursing

IT'S NOT A MATTER OF IF... IT'S A MATTER OF WHEN.

IT'S AFFORDABLE.

For the majority of Marquette programs, you pay Marquette tuition and can use Marquette scholarships and federal and state financial aid. Though cost of living varies by location, there are quite a few study abroad destinations that are less expensive than Milwaukee.

ALL MAJORS CAN STUDY ABROAD.

Students studying any discipline can study abroad. Marquette offers semester, summer and academic year opportunities. Find a program that specializes in your major or save core curriculum courses to take while you are abroad.

YOU CAN GRADUATE ON TIME.

Start planning early, and work with your academic adviser to build study abroad into your four-year academic plan. Most programs allow you to earn 12 to 18 credits per semester and three to 12 credits per summer, which can be applied directly to your degree requirements.

LEARN ANOTHER LANGUAGE AND TAKE COURSES IN ENGLISH.

Studying abroad is a great way to learn another language. Marquette also has several programs in non-English-speaking countries, where you can take an introductory course in the local language and take other academic courses in English.

YOU CAN STUDY ABROAD YOUR SOPHOMORE, JUNIOR OR SENIOR YEAR.

Study abroad in a short-term program as early as the summer after your freshman year. Later, spend a semester or academic year abroad and gain new perspectives on your academic field. Work with your adviser to determine which term best fits into your four-year plan.
